Donovan Michael Gear, also known as Don Gear, is an entrepreneur and author. He is the founder and CEO of Gearhart University, an online educational platform. Gear is also the author of several books, including 'Unreconciled' and 'The Unreconciled Life.'

Unreconciled: A Personal Journey

'Unreconciled' is a memoir that chronicles Gear's personal journey of redemption and reconciliation. Gear was raised in a Christian home, but he strayed from his faith in his early twenties. He became involved in drugs and alcohol, and he spent several years living on the streets.

In 2005, Gear had a life-changing experience. He was arrested for drug possession and sentenced to six months in jail. While in jail, Gear had a spiritual awakening. He realized that he needed to change his life, and he began to rebuild his relationship with God.

After Gear was released from jail, he founded Gearhart University. Gearhart University is an online educational platform that provides affordable and accessible education to people all over the world. Gear is also a sought-after speaker and author. He has shared his story of redemption and reconciliation with audiences across the country.
