

# Very Short Introductions: A Pocket-Sized Guide to the World's Most Important Topics

Very Short s (VSIs) are a series of concise and accessible books published by Oxford University Press. Each VSI provides a concise and engaging to a particular subject, typically written by an expert in the field. VSIs are designed to be accessible to a wide audience, from students and scholars to general readers with an interest in learning more about a particular topic.

VSIs are typically around 100 pages in length and are written in a clear and concise style. They are often illustrated with maps, diagrams, and other visual aids. VSIs are also relatively inexpensive, making them a great value for readers who are on a budget.

## The Mongols: A Very Short Introduction (Very Short Introductions) by Morris Rossabi

Some of the most popular VSIs include:

- *A Very Short to Philosophy* by John Gray

- *A Very Short to Economics* by N. Gregory Mankiw
- *A Very Short to History* by John H. Arnold
- *A Very Short to Literature* by Andrew Sanders
- *A Very Short to Religion* by Ninian Smart

VSI's are a great way to learn more about a particular topic in a short amount of time. They are also a great resource for students and scholars who need a concise overview of a particular subject.

### **Why Read Very Short s?**

There are many reasons to read VSI's. Here are a few of the most common:

- **To learn more about a particular topic.** VSI's are a great way to get a quick and easy overview of a particular subject. They are written by experts in the field and are designed to be accessible to a wide audience.
- **To refresh your knowledge of a particular topic.** If you have studied a particular topic in the past, but need a refresher, VSI's are a great way to get back up to speed quickly and easily.
- **To get a different perspective on a particular topic.** VSI's are often written by authors who have a unique perspective on a particular topic. This can be a great way to get a fresh perspective on a subject that you thought you knew well.
- **To learn about a new topic.** VSI's are a great way to learn about a new topic that you have always been interested in. They are written in

a clear and concise style and are often illustrated with maps, diagrams, and other visual aids.

## How to Choose a Very Short

There are many different VSIs available, so it can be difficult to choose one that is right for you. Here are a few tips:

- **Consider your interests.** What topics are you interested in learning more about? There are VSIs on a wide range of topics, so you are sure to find one that interests you.
- **Read the reviews.** Before you buy a VSI, read the reviews to see what other readers have thought of it. This can help you make an informed decision about whether or not the VSI is right for you.
- **Look at the author's credentials.** Who wrote the VSI? Are they an expert in the field? This information can help you assess the quality of the VSI.
- **Read the .** Most VSIs have an that provides a brief overview of the book. This can help you decide if the VSI is right for you.

VSIs are a great way to learn more about a particular topic in a short amount of time. They are also a great resource for students and scholars who need a concise overview of a particular subject. If you are looking for a way to learn more about a particular topic, I encourage you to check out the VSI series.
